Task Description	Participant's remarks	Observer's comments
Determine current state (on/off) of 'main light' in living room	Main light from which? looks like it's on to me	Unsure of icon meaning initially, but deduced eventually.
Turn on lamp in living room	Do you drag it? Looks draggable to me Do I tap the bulb? Yes! First instinct would have been to drag control.	
Turn on switch in hall	How do I go back?  Oh green, I like it.	Easily done after lighting task  likes colours as indication of status
Change timer details for a light device in living room	Is this what I'm on?  Clear what I'm changing  On/Off for on whether on or off?	Needs clearer indication of what room the device is in.  Easily edited timer
